

# Exciting changes ahead for your Waste & Recycling Services!

Valley Vista Services

**Effective September 1, 2025, Valley Vista Services (VVS) will be managing all residential waste and recycling services for the City of Diamond Bar.**

## What You Need to Know:

- **Container Swap:** Starting on June 2, 2025, VVS will begin replacing your current containers with new ones. To ensure a smooth transition, please place your current hauler's containers out for collection on your regular service day until they have been exchanged. Your current hauler will continue servicing your account through the end of August 2025.
- **Trash Day:** Your regular trash and recycling day will not change. Please continue to place your containers out on your scheduled day.
