## Think Before You Toss: Don't Trash That Battery; Protect Your Home & Community!

**Never throw away lithium-ion batteries** – they are a major fire risk!

Household Hazardous Waste (HHW) includes items with toxic, corrosive, or flammable ingredients. Improper disposal can cause trash truck fires and environmental harm.

### Common Uses for Lithium-Ion Batteries:

- Smartphones, laptops, and tablets
- Electric vehicles (EVs)
- Power tools
- E-bikes and scooters
- Solar energy storage systems

### Proper Disposal Options:

To prevent fires and protect the environment, dispose of HHW, including lithium-ion batteries and electronics, in one of two ways:

- **Local disposal events** – Find one near you: [lacsd.org/hhw](https://lacsd.org/hhw)
- **Permanent HHW centers** – Locate a center: [lacitysan.org/safecenters](https://lacitysan.org/safecenters)

Doing your part keeps your home, community, and the environment safe for everyone.

## Scheduling Bulky Item Pickups

## Recycling Organic Waste

San Marino residents are now required to begin sorting organic waste, including bagged food waste, into their green waste containers, now known as Organics!

### What is organic waste?

Organic material comes from anything living – plants and animals. Organic waste includes grass clippings, leaves, twigs, shrubbery, weeds, and garden trimmings. This also includes food waste such as meat, fish, dairy, fruit, vegetables, breads, pastas, grains and plate scrapings.

### Why Must We Recycle Organic Waste?

To reduce methane pollution and other climate pollutants, California passed SB 1383. This law set the following targets:

- 75% less organic waste sent to landfills
- 20% of unsold, still-edible food must be sent to food recovery organizations

Organic waste in landfills emits 20% of the state's methane, a climate super pollutant that heats 84 times more than carbon dioxide. Organics like food waste, yard waste and trimmings, paper, and cardboard make up half of what Californians dump in landfills. Cutting organics out of landfills have the fastest impact on the climate.

### Is everyone required to recycle organic waste?

Yes, all customers are required to have two containers for collection: the first container for trash and recycling (commingled), and the second for organics (yard trimmings and bagged food scraps).

## Holiday Tree Recycling

Valley Vista Services will collect and recycle holiday trees placed curbside on your regularly scheduled collection day from **December 26, 2025 through the third week of January** for FREE. Please follow these guidelines in preparation for recycling your trees.

Remove all tree stands, lights, ornaments, tinsel and garland.

No flocked trees.

Trees must be cut into lengths no longer than 6 ft.

After this free seasonal service has ended, holiday trees and other foliage must be cut down to fit into the waste container with the lid closed. If you have any questions, contact us at [valleyvistaservices.com/contact-us](https://valleyvistaservices.com/contact-us).

### Holiday Schedule

Collection Service **will not** run on these holidays:

- |                    |                    |
|--------------------|--------------------|
| ✦ New Year's Day   | ✦ Labor Day        |
| ✦ Memorial Day     | ✦ Thanksgiving Day |
| ✦ Independence Day | ✦ Christmas Day    |

If your regular collection day falls on or after one of these holidays, pick up will be delayed one day. Excluding holidays, our normal business hours are:

**Monday through Friday 8 am- 5 pm and  
Saturday from 8 am-1 pm.**
