Food Pail

San Marino

Uh Oh! Your Kitchen Pail isn't for the Backyard!

Your 2-Gallon green kitchen food pail is made to help you collect food scraps inside your home. Food pails are not for backyard service collection.

How to use your food pail right:

- ✓ Line your kitchen pail with a clear or transparent bag.

- ✓ When full, tie the bag and place it in your green organics bin or cart for collection on your service day.

- ✓ Keep it indoors to collect food scraps at home.

- ✓ Rinse and reuse your food pail inside your home.

Do Not Place These Items into the Food Pail or Organics bin/cart:
