Reducing Food Waste

This holiday season, continue the tradition of sustainability by reducing food waste during holiday meals and gatherings.

- **Plan Ahead:** Make a grocery list to avoid buying more than you need.
- **Buy in Bulk:** Buy only what you need to help reduce waste.
- **Use What You Have:** Check your pantry and use ingredients before they expire.
- **Freeze Leftovers:** Freeze or repurpose leftovers for future meals.
- **Compost:** Use your VVS food scrap pail or start a backyard compost.

Household Hazardous Waste

Household hazardous waste includes batteries, cleaners, paint, oil, and lightbulbs. When handled incorrectly, these items can create serious safety risks - batteries can spark trash truck fires. For safe disposal information, visit oclandfills.com/hazardous-waste.

Cypress Residents: Place small household batteries (AA, AAA, etc.) in a clear Ziplock bag on top of your blue recycling cart to ensure they are visible for pickup.
